ALPHA®
High Theft Solutions

Benefit denial design

Clear top provides a clean product display

alarm

Alpha's EASy Guard provides excellent manageability, optimal merchandising and benefit denial security. With both small and large options, the attractive EASy Guard will fit more than 90% of wine and spirit bottles on the market. Ease of application makes in-store operations quick and intuitive.

KEY FEATURES:

· Cap offers a strong visual deterrent and benefit denial protection

· Small and large size options will protect more than 90% of the bottles in the wine and spirit market

· Clear top provides clean product display and easy viewing of product labels

SUGGESTED APPLICATIONS:

Wine bottles

Spirits

Two different sizes available to ensure a snug fit

Small   **Large**
