

For Tablets

*Increase your sales
with best-in-class
product protection*

Showsafe Plus is designed to showcase as well as protect your high value tablets. Turn shoppers into buyers by providing them the opportunity to experience the merchandise up close.

- Encourages customer engagement
- Easy to install
- One sensor provides security, charging, audio and video
- Each product can be individually powered for better system integrity
- Unique electronic user key is easy to operate
- Low profile displays provide optimal product presentation
- Backed by a global service and support network
- Compliments Alpha's line of S3 solutions
